

Discussion of possibility usage

The following tool for should help the trainer of Having a feedback about what was done during the day and what could be taken in account with the work he/she is doing.

60 min

Material: Instruction sheet

Description:

Please answer the following question and discuss them with the group.

(If you like you could use a second sheet of paper)

What have you been doing during the day?

What sticks in your mind?

Which part of the training was useful regarding your work?

What could be taken in account with the job you are working with?

What do you don't like or you don't agree with?

What would be necessary to present at the feedback meeting?
